Indeed it is my privilege to present the Sport Report on our 66th Annual Sports Meet.

College is a time where life exposes us to new experiences and adventures. It is a turning point of life where you pave a path to yourself, It opens many doors of opportunity. And to this opportunity one has to overcome physical and psychological hurdles. In the midst of all these hurdles I strongly postulate that sports contribute a great amount of moiety towards it. It develops the students holistically. It enhances the personality of individuals by imparting various traits them such as alertness, discipline, team spirit, mental ability, confidence and concentration.

2 timothy ch 4 verse states and I quote, “I’ve fought the good fight, I have finished the race. I have kept the faith” and keeping this verse in mind.
