**Report:**

Auxilium College organized a Parents-Teachers Meeting on July 19th, 2024, focusing on the theme of "Career and Development & College Value System." The meeting introduced parents to the college's website, provided information on certificate courses, Unnati training program, and coaching classes, and highlighted the importance of girls' education and research in fostering intellectual growth. It also discussed the college's placement services and the importance of ethical behavior, conscious efforts, and moral decision-making. The meeting aimed to instill a healthy ethical foundation among students, promoting a value-driven educational environment. A feedback session was held to gather suggestions for further college development.
