From Date : 08. 10. 2025

To Date : 08. 10. 2025

Organised by : Auxilium Students Quality Cell (ASQC) along with IQAC

Academic Year : 2025 – 2026

Report:

The International Day of the Girl Child, also known as the Day of Girls, was celebrated in our institution on 08.10.2025. The event aimed to highlight the importance of empowering girls and recognizing their rights and potential in all aspects of life. The Chief Guest Dr. Latha E. Assistant Professor of English, Auxilium College, delivered an inspiring lecture on the topic **“The Future is Female.”** In her address, she emphasized why every female should feel proud to be a woman — the embodiment of love, power, persistence, patience, completeness, strength and courage. She beautifully described women as the source of life and reminded the audience that “behind every successful man, there is a woman.” She encouraged the students to gain access to education and technology, develop skills, support innovation and take responsibility for their growth and concluded by urging every girl to have self-confidence, self-belief and to “think like a queen”, with strength, passion, and satisfaction in whatever they do. The session was highly motivating and inspired all the participants to believe in their potential and strive for excellence.
