

Two days Student Development Program Report

Title: Technical Analysis and Portfolio Management Workshop

Date: 3rd and 4th August 2024

Mode: Google meet online mode

Organized By: Dr.Anitha Alice & Ms.Jayashree RSM

Facilitator: Mr. Srinivasan Bakthavatchalam, Manager Technical Analyst (Commodity and Derivatives)

The Student Development Program on Technical Analysis and Portfolio Management was conducted over two days, led by Mr. Srinivasan Bakthavatchalam, an experienced Manager Technical Analyst specializing in commodities and derivatives. The primary aim of this programme was to enhance students' understanding of technical analysis techniques and portfolio management strategies. Students gained a solid understanding of how technical analysis can be used to inform trading decisions. Participants learned to apply various technical indicators to analyze market trends. Insights into effective portfolio management strategies were shared, equipping students with practical skills for future financial planning and investment. Positive feedback was received regarding the clarity of explanations and the practical approach to learning. Students appreciated the real-world applications and interactive elements of the sessions. The two-day workshop on Technical Analysis and Portfolio Management was a highly informative and engaging experience for all participants. Mr. Srinivasan Bakthavatchalam's expertise and hands-on approach provided valuable insights into the complexities of financial markets. The knowledge and skills gained from this program will significantly benefit students in their future careers in finance and investing.
