

Event Name : Workshop on “AI & Innovation Sprints: Rapid Prototyping for Digital Transformation” in collaboration with AIIC

From Date : 19. 12. 2025

To Date : 19. 12. 2025

Organised by : Department of Computer Applications (Shift I) in collaboration with AIIC.

Academic Year : 2025 – 2026 (Even Semester)

Report:

The Department of Computer Applications (Shift I), Auxilium College (Autonomous), Vellore, in collaboration with AIIC organized a workshop on **“AI & Innovation Sprints: Rapid Prototyping for Digital Transformation”** on **19 December 2025** from **2.00 p.m. to 3.00 p.m.** The workshop was conducted to enhance the students understanding of artificial intelligence and its role in rapid digital innovation. The session was facilitated by **Mr. Nagarajan I., Assistant Professor, Auxilium College (Autonomous)** focused on introducing AI concepts, innovation sprints, and rapid prototyping techniques used in digital transformation. **50 BCA students** are actively participated and gained practical insights into AI concepts, machine learning approaches, and real-time applications. The program was informative and beneficial in enhancing students’ awareness of emerging digital technologies and motivating the students to explore innovative approaches in the field of computer applications.
