

Event Name : Webinar on "Basics of IPR for Innovators & Entrepreneurs"

From Date : 28. 11. 2025

To Date : 28. 11. 2025

Organised by : PG & Research Department of Chemistry in Collaboration with AIIC

Academic Year : 2025 – 2026

Report:

The PG & Research Department of Chemistry, in collaboration with AIIC of Auxilium College (Autonomous), Vellore, organized an online webinar on Intellectual Property Rights (IPR). The programme was titled “Basics of IPR for Innovators and Entrepreneurs.” The event took place on November 28, 2025, from 6:00 PM to 7:00 PM. The resource person for the session was Ms Susi K, Assistant Controller of Patents and Designs at the Indian Patent Office in Chennai. The session aimed to introduce students to the fundamentals of patents, designs, and the significance of IPR in innovation. The talk highlighted the importance of safeguarding creative ideas and inventions through proper legal mechanisms. Undergraduate and postgraduate students from the Chemistry department participated in the programme. The session was conducted through an online video link shared with all registered participants. Overall, the programme successfully enhanced students’ awareness of IPR and its relevance to research, entrepreneurship, and future career prospects.
