

Association Activity, Poster Presentation on the Topic "Artificial Neural Network"

From Date: 25th November 2025

To Date: 25th November 2025

Organized by: PG & Research Department of Computer Science

Academic Year: 2025-2026

Report:

The PG Department of Computer Science, Auxilium College (Autonomous), Vellore, conducted an Association Activity featuring a Poster Presentation on "Artificial Neural Network" on November 25, 2025, at 11:30 AM in the Computer Block. Students showcased posters explaining the fundamentals, applications, and latest advancements in artificial neural networks.

Dr. Shanthi AL., Assistant Professor and Head, coordinated the event with support from Ms. Shanthi S. and Dr. Jayavani K., Assistant Professors. The competition was judged by Dr. S. Tharani, Assistant Professor, Department of Computer Applications (Shift II).

The first prize was awarded to Harini Thanigaivel (I M.Sc CS) for her innovative and well-presented poster. The event successfully promoted active participation, research skills, and collaborative learning among post-graduate computer science students.
