

Event : PHYSICS FEST 2026
Date : 14/08/2026
Organised by : PG & Research Department of Physics
Academic Year : 2026 – 2027
Report :

The PG & Research Department of Physics, Auxilium College (Autonomous), Vellore, organized Physics Fest 2026 on 14 August 2026. The programme was conducted with the objective of creating an engaging platform for students to explore Physics beyond the regular classroom environment and to encourage scientific curiosity, creativity, teamwork, and innovation.

Physics Fest 2026 was designed to provide students with opportunities to apply their theoretical knowledge through various academic and co-curricular activities. The fest encouraged active participation and promoted a deeper interest in Physics through interactive and intellectually stimulating events.

The programme provided a platform for students to demonstrate their scientific knowledge, logical thinking, problem-solving abilities, creativity, and communication skills. The activities also encouraged healthy competition and collaborative learning among the participants.

The fest highlighted the relevance of Physics in everyday life and its applications in modern science and technology. Students enthusiastically participated in the various activities and demonstrated their interest and talent in the subject.

The event also contributed to the development of important skills such as teamwork, leadership, time management, critical thinking, and scientific communication. The participation of students made the programme lively, interactive, and academically enriching.
