

Event: Poster Presentation Competition on the theme “Break Free from Plastic”

Date: 02.09.2025

Organized by: Enviro Club (Shift I)

Academic Year: 2025-2026

Report:

The Enviro Club (shift I) organized a Poster Presentation Competition on the theme “Break Free from Plastic” on 2nd September 2024 at 2.00 p.m. in the Botany Lab. The event aimed to create awareness about the harmful effects of plastic on the environment and to inspire students to think creatively about eco-friendly alternatives. A total of 55 students from various departments participated enthusiastically, showcasing their artistic skills and innovative ideas through thought-provoking posters. Each poster carried a powerful message, emphasizing the urgent need to reduce plastic consumption, refuse single-use plastics, and adopt sustainable practices in everyday life. The participants used vibrant colors, catchy slogans, and impactful illustrations to communicate their ideas effectively. The competition was judged by Dr. Abi Beulah, Assistant Professor of Biochemistry, who appreciated the creativity, originality, and clarity of messages conveyed by the students. She also highlighted the importance of student-driven initiatives in promoting environmental sustainability on campus.

The prize winners were as follows:

First Prize – Saniya Zahera R. (III B.Sc Zoology)

Second Prize – Atchaya S. (II B.Sc Chemistry)

Third Prize – Neha Lucy Kujur (II B.Sc Zoology)

The competition not only encouraged students to express their concern for the environment but also motivated them to become active change-makers in spreading the message of a plastic-free society.
