

## **Workshop on “Statistical Package for Social Sciences for Beginners”**

**From Date:** 08.07.2025

**To Date:** 09.07.2025

**Organized by:** Department of BBA (Hospital Administration)

**Academic Year:** 2025 -2026

### **Report:**

The SPSS Workshop on “Statistical Package for Social Sciences for Beginners” was conducted on 8th and 9th July 2025 by the Department of BBA (Hospital Administration). It was held at the AIIC Lab and facilitated by Dr. R. Ramanan, Joint Director (P&D) (Retd.), Directorate of Collegiate Education, Chennai. A total of 52 students from III BBA (Hospital Administration) actively participated in the two-day session.

Additionally, 5 research scholars also took part in the workshop, enriching the academic environment with their inputs and interactions. The workshop aimed to familiarize students with statistical tools and the basics of SPSS software used in healthcare research and data analysis. Participants learned how to input, organize, and interpret data using SPSS, gaining practical insights into descriptive and inferential statistics. Students found the session highly beneficial as it enhanced their analytical thinking and confidence in handling real-world healthcare data. The hands-on training enabled them to understand the importance of statistical evidence in decision-making and research.

Overall, the workshop served as a strong foundation for student's academic and research-oriented growth in hospital administration.
