

Resource Talk

Date: 26.07.2024

Organised by: PG and Research Department of Chemistry

Academic Year: 2024 – 2025

Report:

The PG and Research Department of Chemistry at Auxilium College, Vellore, hosted a resource talk titled "Green Chemistry: Advanced Photocatalysts for Sustainable Organic Reactions" on 26th July 2024. The event featured Dr. Mohana Roopan Selvaraj, Associate Professor from the School of Advanced Sciences at VIT, Vellore, as the speaker. The program began with a prayer song, followed by a welcome address and introduction of the chief guest by Dr. Rajalakshmi, Assistant Professor of Chemistry. Dr. Roopan delivered an insightful talk on advancements in photocatalysts and their significant role in promoting sustainable organic reactions. His presentation delved into innovative methodologies and the potential impact of green chemistry on environmental conservation and industrial applications. Dr. J. Rosaline Ezhilarasi, Associate Professor and Head of the PG and Research Department of Chemistry, felicitated Dr. Roopan with a gift. The event concluded with a vote of thanks by Dr. Sr. Switha, Assistant Professor of Chemistry, and the college anthem. The talk was well-received, inspiring the audience about the importance of green chemistry.
