

Event: Campus Clean Drive**Date: 09.09.2025****Organized by: Enviro Club (Shift I)****Academic Year: 2025-2026****Report:**

The Enviro Club of Auxilium College organized a **Campus Clean Drive** on 9th September 2025 with the objective of promoting cleanliness, reducing plastic waste, and creating awareness about the importance of maintaining a green and healthy environment within the campus. The initiative was carried out under the able guidance of the Enviro Club coordinators, **Dr. Anitha T., Assistant Professor and Head, Department of Botany**, and **Dr. Lakshmi, Assistant Professor of Chemistry**.

A total of **70 enthusiastic students** actively participated in the drive, showcasing their dedication and responsibility towards environmental conservation. The activity began in the afternoon with a short briefing on the hazards of plastic and the importance of waste segregation. Students were then divided into groups and assigned different zones of the campus for cleaning.

The clean-up operation covered key areas of the college, including the **canteen, library, maths block, student corner, auditorium, and computer block**. Students collected plastic covers, wrappers, and paper waste, which were later sorted for proper disposal. Their collective effort not only enhanced the cleanliness of the surroundings but also helped in spreading the message of “Refuse, Reduce, Reuse, and Recycle.” The Campus Clean Drive served as a practical lesson in environmental responsibility and teamwork, instilling a sense of pride among participants for contributing to the vision of a clean and green campus.
