

Paper Presentation Competition On “AI IN HEALTHCARE”

From Date : 25.07.2025

To Date : 25.07.2025

Organized by : Department of Computer Applications

Academic Year : 2025-2026

Report:

The Department of Computer Applications organized a Paper Presentation competition on “AI in Healthcare” on 25th July 2025 at 2:00 PM in the Seminar Hall. The event aimed to create awareness about the role of Artificial Intelligence in the medical field. It was conducted as part of the department’s Association Activity. A total of 24 UG students participated enthusiastically. Students presented papers on various AI applications in healthcare. Topics included disease detection, robotic surgery, and virtual health assistants. The presentations highlighted the impact of AI in improving patient care. Judges evaluated the students based on content and presentation skills.

The event encouraged students to develop research and communication abilities. Participants showcased creativity and technical knowledge. The best papers were awarded certificates of appreciation. The program created a platform for knowledge sharing. It helped students understand real-world uses of AI in healthcare. Overall, the event was informative, inspiring, and successfully conducted.
