

Event Name: Poster Presentation Competition

Date:16.07.2025

Organized by: Cyber Security Club

Academic Year : 2025-2026

Report :

To promote safe online practices among students, the Cyber Security Club organized a Poster Presentation Competition on the theme "***Raising Awareness About Online Safety***". The event aimed to educate participants and viewers about important online safety measures such as protecting personal information, recognizing cyber threats, and practicing responsible internet usage.

A total of **30 students** from various classes enthusiastically participated in the competition. Each student showcased their creativity and understanding of the topic through informative and visually engaging posters. The competition was **judged by Ms. A. Susai Mary Susila**, Assistant Professor, Department of Computer Applications (Shift-II) who appreciated the students' efforts and provided valuable feedback on their presentations. She emphasized the importance of digital awareness in today's tech-driven world and encouraged all participants to continue learning about online safety.
