Mehandi Competition- Flora & Fauna

Date: **30/08/2023**

Time: 02:00 Pm-04:00 Pm

Event: Mehendi Competition

Judges: 1. Dr. Venum Cecilia P.A.A, Associate Professor and Head, Department of English.

2. Dr. Kumari N. , Assistant Professor , Department of Tamil.

Participants: **22**

Theme: Flora & Fauna

Venue: Science Block Botany Lab

The Enviro club organized a Mehendi competition on the theme of Flora and Fauna on the 30th of August,2023. Students from all the departments actively participated in the competition to exhibit their talents. Dr. Venum Cecilia P.A.A, Associate Professor Head of the Department of English, and Dr. Kumari N. Assistant Professor, Department of Tamil were the judges for the competition. The winners of the Mehendi competition were the following :

First place: Aaliya Banu A. II B.Sc., Mathematics

Second place: Swetha R. II B.C.A

Third place: Shared by Nandhini P. II B.Sc., Zoology and Durga Devi II B.C.A

Awareness on Waste Management

Date: **27/11/2023 and 28/11/2023**

Time: 11:00 am - 04:00 Pm

Event: Awareness on Waste Management

Resource Person:

E-Waste Management - Mr.Ebenezer Joshua, Willys Enterprises, Vellore

Chemical Waste Management – Dr.Scholastica Mary Vidhya B., Associate Professor,

Department of Chemistry

Solid Waste Management – Ms.Revathy T., Assistant Professor, Department of Chemistry

Liquid Waste Management- Dr.Anu K., Assistant Professor, Department of Zoology

Participants: **Shift I and Shift II-3000 students**

Venue: College Auditorium

Enviro Club organized an awareness program on “Waste Management” for Shift I and II students on 27th and 28th November, 2023. Mr.Ebenezer Joshua, Willys Enterprises, Vellore spoke about E-waste management, responsible disposal and recycling of electronic devices to mitigate environmental and health risks and highlighted on ways to minimize electronic waste's negative impacts. Dr. Scholastica Mary Vidhya B., Associate Professor in the Department of Chemistry, spoke on chemical waste management and focussed on developing strategies for the safe handling, disposal, and treatment of chemical waste to minimize environmental impact and promote sustainable practices in industries and academia.

Ms. Revathy T., Assistant Professor in the Department of Chemistry, delivered insightful talks on solid waste management. Her expertise lies in exploring innovative approaches to reduce, reuse, and recycle solid waste, emphasizing the importance of community engagement and sustainable practices to address environmental challenges effectively. Dr. Anu K., Assistant Professor in the Department of Zoology, delivered enlightening talks on liquid waste management. Her expertise encompasses strategies for treating and disposing of liquid waste, emphasizing the protection of aquatic ecosystems and public health. Through this awareness program, students learn to minimize environmental impact and contribute to building a sustainable future.

Resource Talk on Role of Youth in Safeguarding the Environment followed by Tree Plantation

Date: **20/12/2023**

Time: 11.00 am

Event: Resource Talk on Role of Youth in Safeguarding the Environment followed by Tree
Plantation

Chief Guest:

1. M. Murugan, B.Sc. (Forestry), M.Sc. (Agrl. Extn.), PGDRD, PGDESD

Forest Range Officer

Bagayam Social Forestry Range

Vellore Forest Division , Vellore Circle

2. Mr.D.Saravanan, B.Sc,B.G.L,

Forest Range Officer

Forestry Extension Range , Vellore

Participants: II UG Students of Shift I-**650 students**

Venue: College Auditorium

On December 20, 2023, at 11:00 am, the college auditorium buzzed with anticipation as students of II UG Shift I gathered for a resource talk on the "Role of Youth in Safeguarding the Environment" followed by a tree plantation event. The occasion was graced by two esteemed guests: M. Murugan, a seasoned Forest Range Officer from Bagayam Social Forestry Range, Vellore Forest Division, and Mr. D. Saravanan, another distinguished Forest Range Officer from Forestry Extension Range, Vellore. M. Murugan, with his background in Forestry, Agricultural Extension, and Rural Development, delivered an enlightening discourse on the crucial role of youth in environmental conservation. He emphasized the significance of sustainable practices, biodiversity preservation, and community involvement in safeguarding our natural resources.

Following the inspiring talk, Mr. D. Saravanan shared practical insights into forestry and environmental protection. He highlighted the importance of tree plantation drives in combating climate change, enhancing air quality, and conserving ecosystems. The audience, consisting of eager undergraduate students, actively engaged in the discussions, showing enthusiasm and commitment towards environmental stewardship. They eagerly absorbed the knowledge imparted by the experts and pledged to take concrete actions in their communities to protect the environment. The event culminated in a tree plantation ceremony, symbolizing the students' dedication to environmental conservation. With shovels in hand, they planted saplings, marking a tangible step towards a greener future.

Overall, the resource talk and tree plantation event served as a catalyst for inspiring the youth to become proactive agents of change in safeguarding the environment. It reinforced the importance of collective action and individual responsibility in nurturing and preserving our natural heritage for generations to come.

Rally on “Catch Water Where It Falls, When It Falls”

Date: 12/02/2024

Time: 10.25 am

Event: Rally on “Catch water where it falls, when it falls”

Participants: 105

Venue: College Premises

On February 12, 2024, at 10:25 am, a rally advocating the theme "Catch water where it falls, when it falls" took place at the college premises. With 105 enthusiastic enviro club students participated and the event aimed to raise awareness about water conservation. Students and staff marched, carrying banners and chanting slogans promoting rainwater harvesting and to save water for the future. The rally emphasized the importance of capturing rainwater to mitigate water scarcity and replenish groundwater resources. Through vibrant displays and passionate participation, the event sparked dialogue and inspired action towards sustainable water management practices within the college community.
