The action taken based on the meeting held on
.....12/01/2022..... is as follows.

Problem:

Almost all the students of the department of English have given positive
feedback on the college.

Very few first year students have expressed their concern on curriculum
and revision of syllabus. They have felt that there is no sufficient number
of books in the library.

Action Taken:

Since the first years are new to the college, they are unaware of the entire
curriculum and syllabus revision. Hence there is a need to brief them on
the same.

The department will take care of this problem by explaining the facilities
that are available in the library to the first year students.

They will be introduced to the resources of the library and the vast
collection of books they can use for their programme.
