Programme: Hands-on training on “Oyster mushroom cultivation”

Date: 21.09.2023

The department of Botany organized Hands-on training on “Oyster mushroom cultivation” on 21.09.2023. Ms. Deepalakshmi.K, SD Agricultural and Research Foundation was the resource person and gave insights of substrate preparation, inoculation, and cultivation techniques. Emphasizing sustainable practices, the workshop equipped participants with essential knowledge for independent oyster mushroom production. The interactive session successfully combined theory with hands-on experience, fostering a deeper understanding of the cultivation process. 40 students from all the departments (II and III year) actively participated and underwent the training. The training successfully combined theory with practical applications.
