The Annual Quality Assurance Report (AQAR) of the IQAC

All NAAC accredited institutions will submit an annual self-reviewed progress report to NAAC, through its IQAC. The report is to detail the tangible results achieved in key areas, specifically identified by the institutional IQAC at the beginning of the academic year. The AQAR will detail the results of the perspective plan worked out by the IQAC. *(Note: The AQAR period would be the Academic Year. For example, July 1, 2012 to June 30, 2013)*

ii) UGC –certificate course on Rural Handicraft:

The Importance of Handicrafts and its cultural Importance :

Handicrafts play very important role in representing the culture and traditions of any country or region. Handicrafts are a substantial medium to preserve the rich traditional art, heritage and culture, traditional skills and talents which are associated with people's lifestyle and history.

Pioneering certificate course on Rural Handicrafts was started by the college with the help UGC sponsorship in 2008 and is successfully conducted every year. Through this certificate program by the department of history wanted to help the students who hail from the poor economic background to learn a trade through which they learn the skill of self –Employment. The goal of this scheme is to introduce career and market oriented ability in the learning of handicrafts in the students .The certificate course on rural Handicraft will help them for a job, self-employment and empowering themselves.

What is the objectivity of this Certificate course?

- To reach out to every student especially those who belong to a very low economic strata of the society and to provide them with the opportunity in order they are able to attain economic independence and in due course an empowered status.
- The students learn toy making, Jewellery art, bangles making and beads assembling.
- They also learn to stitch, blouse, embroidery blouse, skirt and slip.

iii) Solid Waste Management

Vision of the Project

This project aims to utilize the waste products that are converted into meaningful resources action and enable society to live in a pollution-free environment

Objective:

1. To create awareness among the students about the importance of Solid waste management.
2. To eliminate waste products and their relative impact on society
3. To utilize waste products and convert them into resources.
4. To create a clean environment by removing waste and converting it into a meaningful reusable product.
5. To create job opportunities for the economically poor community.
6. To create a clean environment in the project area and propose a healthy life.
7. To organize a community-based programme for an eco-friendly society.

The Department of Chemistry has undertaken the project and five women workers are appointed by the Management to maintain the cleanliness of the campus. They collect the waste, segregate it into biodegradable and non-biodegradable waste. The bio-degradable waste is processed into organic and vermin manure and it is donated to the college. It is also sold to the students and staff. The non-biodegradable waste is sold and the money is given to the college. The project site (plants) is watered and maintained (cleaned) by the students of the Department of Chemistry every alternate week. They are given attendance for the service rendered.
