

Event : Talent Fiesta: “Living Water – A Celebration of Life’s Essential Through Creativity”

Date : 29/09/2026

Organised by : The PG & Research Department of Physics

Academic Year : 2026 – 2027

Report:

The PG & Research Department of Physics, through PHYSICOS, organized the event Talent Fiesta: “Living Water – A Celebration of Life’s Essential Through Creativity”, on 29th September 2026 at the Physics Lab. The event was organized with the theme providing students with an opportunity to express their creativity and awareness of the importance of water through various artistic and digital forms. The major objective of the event were to create awareness about the importance of water and its role in sustaining life, to provide a platform for students to express their ideas through art and digital media, and to promote environmental consciousness and responsible use of water.

The Talent Fiesta featured the following competitions

1. Poster Making
2. Drawing/Painting
3. Short Video Making

The events were judged by Dr. Balapriya, Assistant Professor, Department of MBA, Auxilium College who assessed the students presentations. The prize winners for Poster presentations are Aesha, Ziana Anhsai and Prathanna of I B.Sc Physics and III B.Sc Physics. The prize winners for short video making are Shafiya, Madhiha, Aarthi and Adhithi of III B.Sc Physics and I M.Sc Physics. The prize winners for drawing competition are Anusha and Pooja of III B.Sc Physics. Students participated enthusiastically and presented their creative ideas based on the theme of water and its significance to life and the environment. The theme encouraged participants to reflect on the importance of water conservation, sustainable use of water resources, and the need to protect this essential natural resource.

The Talent Fiesta successfully provided students with a creative platform to express their ideas on the importance of water. The event helped develop artistic and communication skills while creating greater awareness about water conservation, sustainability, and environmental responsibility among the participants.
