Report:

The Department of Computer Applications (Shift I), Auxilium College (Autonomous) organized a *Value Presentation* in connection with the *New Year Prayer Service* on 05.01.2026. The program began with a prayer service, seeking blessings for peace, wisdom, and success in the New Year. As part of the event, BCA students presented an insightful skit highlighting core values such as **Knowledge, Integrity, Skill, and Social Responsibility**. The skit effectively conveyed the importance of these values in academic life as well as in shaping responsible professionals and citizens. Through meaningful dialogues and realistic situations, the students emphasized ethical conduct, continuous learning, skill development, and commitment to society. The program successfully reinforced moral values among the students and set a positive and purposeful message for the New Year.
