

Auxilium College (Autonomous), Vellore – 632006.

Event : Fire & Safety Awareness Programme

Date : 24/06/2026

Organised by : Citizen Consumer Club and

PG & Research Department of Commerce Shift I

Academic Year : 2026 - 2027

Report :

The Fire and Rescue Services Department in collaboration with Citizen consumer club and PG & Research Department of Commerce conducted a Fire Safety Awareness Program in our college on 24th June 2026 to educate students about fire safety and emergency response. The resource persons explained the importance of fire safety, the common causes of fire accidents, and the precautions that should be taken to prevent them. They also taught us the correct methods of rescuing people during fire emergencies. The program concluded with a live demonstration outside the college campus. The Fire and Rescue team demonstrated the use of fire engines and firefighting equipment, explaining how rescue operations are carried out during fire emergencies. They also showed the proper methods of handling fire extinguishers and controlling different types of fires safely and effectively.
