

Event : Visit to the Departmental Museum
Date : 30/07/2026
Organised by : Department of History
Academic Year : 2026 – 2027
Venue : Departmental Museum (Zoology), Auxilium College
Report :

The Department of History organized an educational visit to the Departmental Museum of Zoology at Auxilium College on **30 July 2026**. A total of **46 students from II B.A. History** participated in the visit.

During the visit, the students enthusiastically explored the museum and observed a wide variety of preserved specimens of animals, birds, reptiles, and insects. The faculty of the Zoology Department explained the **methods of specimen preservation, fabrication, and display**, helping the students understand the importance of preserving biological specimens for teaching and research.

The students also visited the **Art Gallery**, where they learned about the **evolution of humankind** through exhibits and visual displays. The visit provided valuable interdisciplinary knowledge by connecting history with the study of human evolution and natural sciences.
