

Event Name: Workshop on DOT-ELISA AND SRID TECHNIQUES

From Date: 09.09.2025

Organized by: Microbial Society Club in Association with Microbiologists Society, India

Academic Year: 2025 - 2026

Report: The Microbial Society Club of Auxilium College (Autonomous), Vellore, in collaboration with the Microbiologists Society, India, conducted a workshop on “DOT-ELISA and SRID Techniques” on 9th September 2025 at 10:00 a.m. in the Microbiology PG Laboratory. Mrs. Shanthi Thirumaran, Production Manager at OPRL Biosciences Ltd, led the session with an insightful lecture on immunological techniques and their diagnostic applications. This was followed by a practical session by Mrs. Yuvmathi Kathiravan, Production Executive, who provided hands-on training in DOT-ELISA, enabling students to gain direct laboratory experience. The workshop not only enhanced students’ technical competencies and conceptual clarity in immunoassay techniques but also concluded with an interactive discussion that fostered active participation and deeper learning.
