

PG & Research Department of Physics – “Physicos” Domain Club

Objective

- ✚ To enhance conceptual understanding of physics beyond the classroom curriculum.
- ✚ To expose students to recent developments in physics and related technologies.
- ✚ To motivate students towards higher studies, research, and careers in science and technology.
- ✚ To provide a platform for innovation through projects, seminars, workshops, and competitions.
- ✚ To foster collaboration, leadership, and scientific communication among students.
- ✚ To bridge the gap between theoretical physics and real-world applications.
