## Volume 8 Issue I

June 2021 - September 2021

### PRINCIPAL'S MESSAGE

According to Swami Vivekananda, “Education is the manifestation of perfection already in man”. But without the help of a mentor, no human could be wholesome. A spirit filled education with ethics only could mould individuals in a society. The destiny of a nation is being shaped in a classroom. To mould, to lead and to guide students' community, we need a systematic process, meticulous planning and a diligent work pattern. To create a right system, teachers and students should have harmony to work together for that goal.

Auxilium College aspires for a better society with Knowledge and Virtue. We Auxilians serve not only for Women's Education but also for Women's empowerment. That too, to lift up the marginalized, the suppressed and the oppressed of the poorer of the poorest. Our Staff members dedicate and devote their valuable service for this mission in an extraordinary way. Their innate love helps to nurture trusting relationships, where students' are encouraged, motivated and appreciated. Whereas Integral learning helps them to develop characters like Personal responsibility, Self-control, good Decision making, Self-confidence and an Ecofriendly attitude.

Thus our 'Auxil News' bring varieties of work plan, carried out throughout this academic year by the Staff members and the students of our college, both academics and ministerial. As Auxilians, we are proud to publish the different activities, achievements and the awards received by beloved Staff members and my dear students. As a Principal, I take pride on the Overall outcome due to the tireless work of every faculty. I wish them all a grand success and I bless my students of our College to excel well in all the fields of their career. All Praise and thanks be to God Almighty who is always with us forever and ever.

With kind love,  
Dr. Sr. Jaya Santhi R
